

JEVON ASHLEY

CONTENT CREATOR • VIDEO PRODUCER • CREATIVE TECHNOLOGIST

McComb, MS • (601) 341-3901 • jvnashley@gmail.com • vidvisionsai.pro • linkedin.com/in/jevon-ashley-75183a409

PROFESSIONAL SUMMARY

Versatile Content Creator, Video Producer, and Creative Technologist with complete end-to-end command over the video production lifecycle—from hook writing, scripting, and on-camera presenting to multi-camera production, dynamic post-editing, sound design, and retention analytics. Founder of VidVisions AI and Visions4U, producing high-engagement commercial media campaigns, technical explainers, aerial drone cinematography, and product walkthroughs. Combines deep full-stack web and SaaS literacy with emerging generative AI workflows (video, voice, and audio engineering) to transform complex, technical concepts into thumb-stopping, entertaining, and high-converting video narratives.

CORE COMPETENCIES

Video Production & Storytelling	Full-cycle video production, hook scripting, on-camera presentation, studio lighting, multi-cam capture, drone cinematography (DJI), screen recordings & product demos.
Post-Production & Editing	Dynamic pacing, pattern interrupts, sound design, audio leveling & mixing, color grading, captioning, high-CTR thumbnail & title optimization, FFmpeg scripting.
Technical Infotainment	Translating complex web infrastructure, domains, APIs, AI systems, and SaaS platforms into intuitive, fun, and educational video narratives.
AI & Workflow Automation	Generative AI video/voice tools, Suno AI audio scoring & prototyping, Meta Graph API publishing automations, social performance tracking.

PROFESSIONAL EXPERIENCE

Lead Video Producer & Creative Technologist | **VidVisions AI / Visions4U LLC** Jan 2022 – Present • McComb, MS

- **End-to-End Production:** Direct and deliver full-lifecycle commercial campaigns, product explainers, and high-retention short-form videos across YouTube, TikTok, and Instagram for regional and digital businesses.
- **Interactive Product Demos:** Script, capture, and edit dynamic screen recordings and teasers showcasing complex software ecosystems, AI agents, and web applications featured across VidVisions AI.
- **Cinematic Capture:** Shoot high-definition aerial drone footage and ground b-roll using mobile gimbal rigs and multi-lens camera setups for commercial, real estate, and hospitality clients.
- **AI Pipeline Optimization:** Integrate generative AI platforms for rapid script prototyping, storyboarding, synthetic voiceovers, and custom background audio, cutting post-production turnaround times by 40%.
- **Automated Distribution:** Engineered Growth HQ, a custom media studio dashboard integrating Meta Graph API for automated scheduling, multi-platform publishing, and engagement tracking.
- **Performance Iteration:** Conduct systematic A/B testing on hooks, visual pacing, and thumbnail click-through rates, analyzing audience retention curves to maximize viral organic reach.

Content Creator, Music Producer & Digital Artist | **SilverFoxx2u** 2021 – Present • Remote

- **Brand & Audience Building:** Built an independent creative brand and digital audience from scratch through consistent short-form storytelling, performance reels, and behind-the-scenes video drops.
- **Original Media Production:** Composed, recorded, mixed, and mastered original commercial audio tracks while producing accompanying cinematic visualizers and vertical video promos for streaming release.
- **AI Audio Prototyping:** Pioneered hybrid production workflows leveraging Suno AI alongside modern digital audio workstations (DAWs) to engineer distinctive sonic brand identities and custom audio beds.
- **On-Camera Presence:** Routinely appeared on-camera and voiced multimedia assets, cultivating a recognizable, charismatic, and relatable creator persona.

Production Team Lead & Safety Coordinator | **Industrial Operations** 2016 – 2022 • McComb, MS

- Led high-output crews at International Paper and Fabricated Pipe under rigorous quality-control, calibration, and safety compliance standards.
- Instituted standard operating procedures (SOPs) and structured handoffs, translating industrial operational discipline into reliable, on-deadline creative project execution.

FEATURED MEDIA & TECHNICAL HIGHLIGHTS

VidVisions Ecosystem (vidvisionsai.pro): Central production showcase featuring proprietary builds, multimedia campaigns, and interactive video-driven web experiences.	Live Showcase
Repo Flow AI & Road Ops AI: Architected proprietary niche web/mobile applications; produced complete video explainer assets, user walkthroughs, and visual demos.	Product Video Demos

EDUCATION & CREDENTIALS

Bachelor of Science (B.S.) in Software Engineering (In Progress) Western Governors University	Expected 2028
Associate of Science (A.S.) in Process Operations Technology (GPA: 3.8) Southwest Mississippi Community College	Summa Cum Laude

VIDEO REEL

Video Reel (vidvisionsai.pro/reel): Five client and community films with full playback: a B&T Automotive commercial, a Black History Gallery community film, the Dixie Springs Mallard aerial tour, a sno-ball stand spot, and a hometown aerial film.	Watch Online
